

NEW

**E-Z Grease Saver
Adapter
For: E-Z Squeeze Bearing
Packer**

Part No. AZ560

- ◆ Use the E-Z Grease Saver when packing bearings with an inside diameter of 1 5/8" or larger.
- ◆ Save Grease when packing larger bearings.
- ◆ Grease saver takes up void between the E-Z Squeeze Bearing Packer and the Bearing.
- ◆ Saves you \$\$\$ by using less grease..
- ◆ Two part design for broader coverage of large bearings.

NOW INCLUDED WITH EVERY E-Z SQUEEZE BEARING PACKER

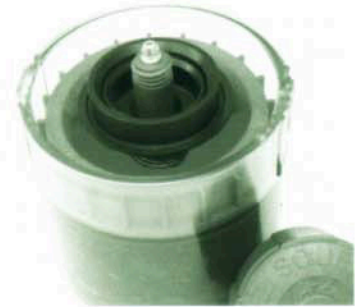

E-Z To Use:

1. Use the E-Z Grease Saver Adapter when packing bearings with an Inside Diameter of 1 9/16" or larger.

2. Use the smaller adapter piece (with spring side down) when packing bearings with an Inside Diameter of 1 5/8" to 1 13/16"

3. Use both adapter parts (as shown) when packing bearings with an inside diameter of 1 15/16" or larger.

4. Place E-Z Squeeze on solid surface. Squeeze with hands for four seconds or until new grease appears on top of bearing.

5. The old grease is forced out of the bearing, completely packing the bearing with new clean grease.

6. When finished packing remove the bearing.

Remove the E-Z Grease Saver before using the bearing.
